BNC Mobile Banking Enrollment

Log in to your Online Banking to enroll in BNC Mobile Banking.
Here are some basic instructions to guide you through the process:

1. Log in to your Online Banking account with your current **Online Banking ID** and **PIN/Password**.
2. Click on the **Mobile Banking** tab.
3. Click the **BNC Mobile** sub-tab.
4. Click to place a checkmark in front of "**Enable web access for your mobile device**".
5. At the **Receive Text Message Alerts** prompt, select Yes to receive transfer confirmations via text. Texts are only sent when involving Online Banking activity.
6. Enter your complete **Mobile Phone Number**.
7. Select your **Wireless Provider** from the list provided. (Example: Verizon or AT&T).
8. to **Select the accounts you want to access from your mobile device**
9. Click **Submit**
10. Click Confirm to confirm the current **Web Mobile Settings**
11. You should receive an informational message page, "**A confirmation text message has been sent to your mobile device number**", confirming your selections.
12. Confirm your selections with the received text message.
13. Open the **Google Play** Store app for Android or the **App Store**  on your Apple smartphone.
14. Search **Apps** for **BNC National Bank**. 
15. Select **Install**
16. Select to **Accept & download**
17. Select **Open**
18. Enter your current **Online Banking ID** and **PIN/Password**.
19. Congratulations! You're now ready to begin Mobile Banking!

*REMINDER – This is a simplified version of Online Banking that will let you **View Balances/Account Information, Transfer Funds, Pay Bills** (initiating Bill Payments on existing Payees) and **View Alerts**. Not every Online Banking function available using your PC is available on your mobile device.*
